

Critique

What is the point of critique?

- Reflect on our artmaking, process + product.
- Receive praise and constructive criticism
- Dialogue with each other.
- Get inspired to take our art further!

A GREAT CRITIC IS...

- positive!
- focused on the art, not the artist.
- full of questions.
- a conversation (both artist + critic are engaged).
- "If it were my piece I would..."

THE FELDMAN MODEL

STEP 1: describe... What do I see?
name as many as you can.

STEP 2: Analyze
How is the work organized?

TIP: ART
VOCAB!

STEP 3 Interpret
What is the art work about?

STEP 4 Critique
What would make the work stronger?
What do you think about the work.

REFLECTION:

How did crit make me feel? What am I inspired to try in my art next?
